Air Scrubber

BY AERUS

WITH CERTIFIED SPACE TECHNOLOGY™

Uses the same ActivePure® Technology that was **proven to reduce over 99.9% of the surface and airborne SARS-CoV-2 virus that causes COVID-19¹**

INTENDED USE

The Air Scrubber by Aerus attaches directly to the HVAC system ductwork to reduce viruses, bacteria, and other contaminants in the ambient air and on surfaces in businesses

BENEFITS

- Uses the latest version of ActivePure Technology
- Provides continuous surface decontamination and air purification in real time
- Safely removes allergy and asthma triggering contaminants
- Protects your heating and cooling system from potentially dangerous buildup

HOW IT WORKS

- Our proprietary ActivePure Technology uses high-intensity UVC light and a catalytic process to produce scrubber ions and hydro-peroxides that inactivate contaminants on surfaces and in the air
- Advanced ActivePure® Technology continuously protects and purifies the environment around you
- Installed by a professional directly to the existing HVAC system ductwork

NOTABLE ACTIVEPURE FACTS

- Primary technology in an FDA-Cleared Class II Medical Device
- Inducted into the Space Technology Hall of Fame in 2017 and is the only Certified Space Technology product in its class
- Ongoing 2-year double-blind study with the Cleveland Clinic
- Used by 29 professional baseball teams

PROOF IT WORKS

The Highest Standard of Protection

Disinfect

REDUCE CONTAMINANTS

Do you worry about what is being brought into your home or business? Contaminants follow us on our hands, clothes and shoes and land on doorknobs, counter-tops and floors. Air Scrubber by Aerus contains ActivePure® Technology, proven to reduce over 99.9% of all surface contaminants. Additionally, this breakthrough technology scrubs, purifies and cleans the air you breathe by reducing approximately 99.9% of airborne contaminants.

Purify

REDUCE IRRITATING PARTICLES

Dust, mold, pollen or many of the other pollutants can cause irritation and allergy symptoms. These contaminants can be reduced with the Air Scrubber by Aerus®. ActivePure® Technology uses specialized light waves along with a proprietary catalytic process that creates scrubbing molecules of oxygen and hydrogen which purify the air around you and reduce irritating particles that can irritate allergy symptoms.

Deodorize

BANISH LINGERING ODORS

There's not much you can do to prevent some of life's odors, but now there's something you can do about them. Working through your heating and air conditioning unit, the Air Scrubber by Aerus® is a unique photocatalytic device that will significantly reduce dust, pet dander and odors in your living environment. You will be able to reduce common smells such as garbage, pet odors, cigarette smoke, paint and the musty smell from mold and mildew.

Protect

EXTEND THE LIFE OF YOUR HVAC SYSTEM

Air Scrubber by Aerus® extends the life of your existing heating and air conditioning system by improving the efficiency of your HVAC system's return air filter. Preventing dust and debris from bypassing the filter and damaging the coils and blower, keep your system running effectively. A protected HVAC system can last longer, save you money on your utility bill and reduce the need for expensive service calls.
